License Site

All Post Analyzer download links and activation information can be found at our Licensing site.

Crystal Instruments Licenses

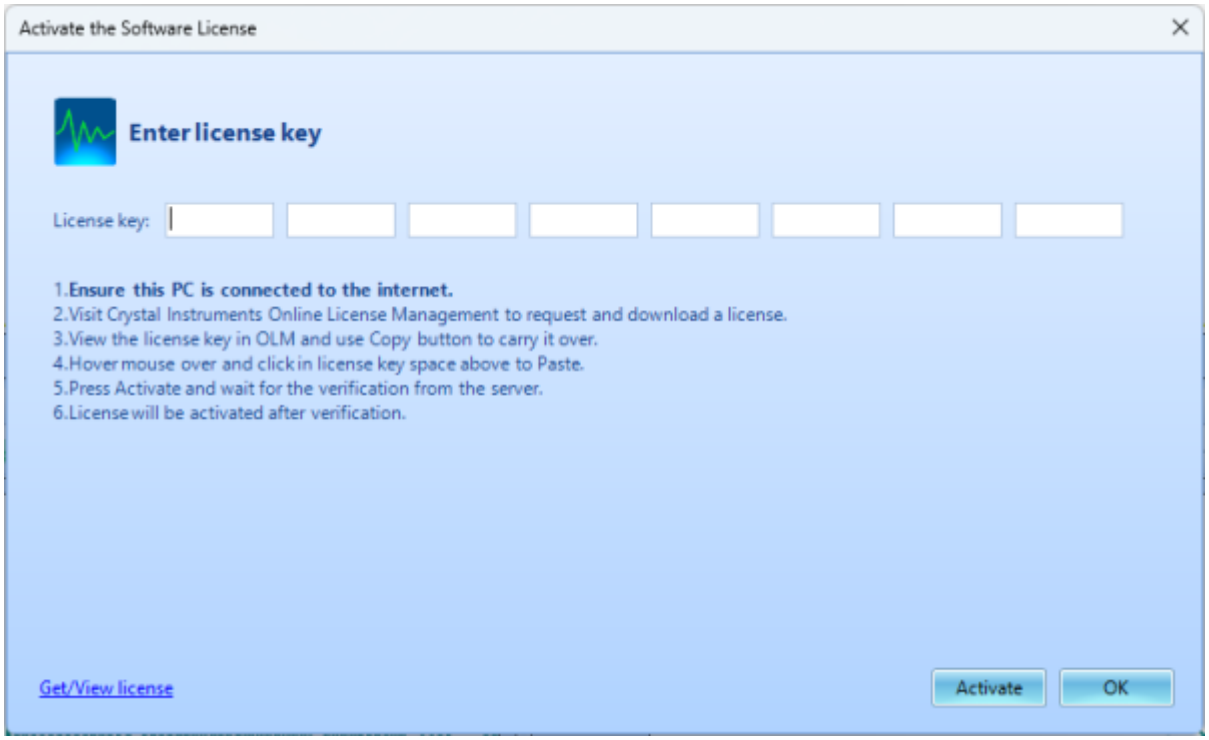

Your order and license information will appear under the Order Status & Activation tab.

Available Licenses

Your order will include a number of available licenses. These are activated to a PC and will keep you logged in and able to access Post Analyzer on a PC until it is deactivated.

License Key Activation

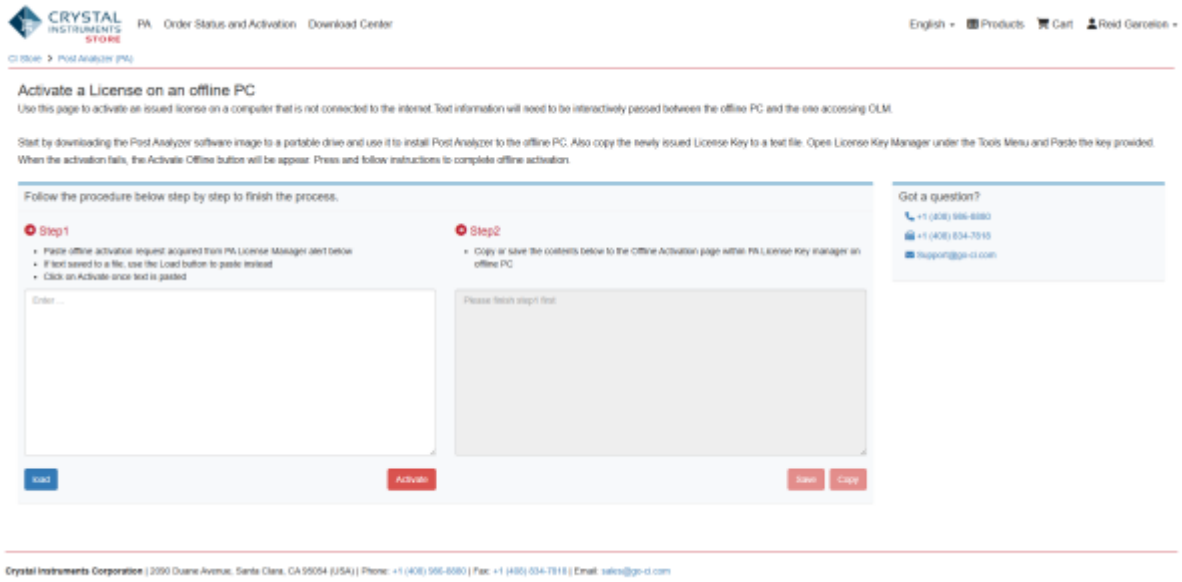

Copy and paste the key provided to you into the software activation tab.

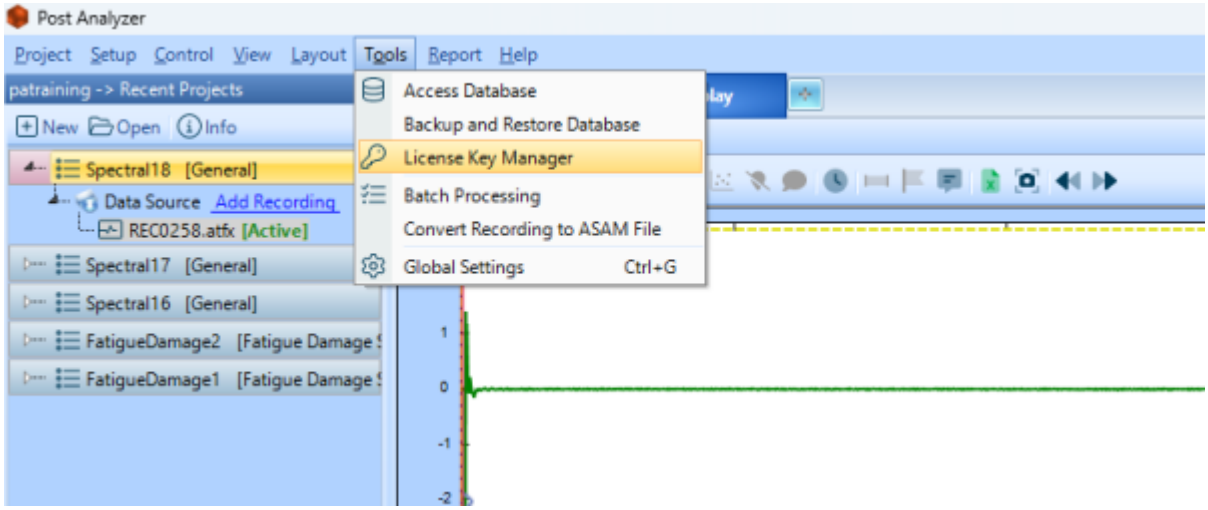

Offline Activation

If you need to activate the Post Analyzer license on a PC that doesn't have access to the internet then you can follow the offline activation procedure found at:
PA Offline Acitvation

License Key Deactivation

To deactivate a license, go to Tools → License Key Manager and click on deactivate in the bottom right corner of the Activate the Software License tab, then click Yes to deactivate the license. You can now connect Post Analyzer to a new PC using the same license, but only the number of available licenses under your order can be connected simultaneously.
