

# Viewing Data in the Ruby Mobile App

To view the data recorded in the Ruby, connect to it via **Bluetooth** or **USB** then go to **Devices** then **Files**.

Download the files to the phone by tapping on them. Any files downloaded will be marked by a green check.

The screenshot shows a blue header bar with a back arrow, the text 'File List (264 file(s))', and three icons: a refresh icon, a search icon, and a menu icon. Below the header is a list of files, each with a folder icon, a name, a timestamp, and a size. The first file, 'SIG0264', has a green checkmark next to its size '6.30 KB'.

Icon	Name	Timestamp	Size	Status
	SIG0264	2020-1-12 20:5:8	6.30 KB	✓
	SIG0263	2020-1-12 19:5:7	6.30 KB	
	SIG0262	2020-1-12 18:5:6	6.30 KB	
	SIG0261	2020-1-12 17:5:5	6.30 KB	

Then the data can be viewed after it is downloaded.

This data can also be viewed later in the **Local Files** page without having to be connected to the Ruby.

< Local File List (22 file(s))			🔍	⋮
	REC0026 2025-04-25, 18:31:05	12.30 KB		
	SIG0006 2025-04-24, 23:07:22	6.30 KB		
	SIG0020 2025-03-28, 12:03:03	6.30 KB		
	SIG0019 2025-03-28, 11:03:02	6.30 KB		
	SIG0018 2025-03-28, 10:03:01	6.30 KB		
	SIG0017 2025-03-28, 09:03:00	6.30 KB		
	SIG0016 2025-03-28, 08:02:59	6.30 KB		
	SIG0015 2025-03-28, 07:03:00	6.30 KB		
	SIG0014 2025-03-28, 06:02:57	6.30 KB		
	SIG0013
