Settings

The **Settings** page can be accessed via tapping the gear icon on the ruby mobile app main page.

There will be three buttons:

- About
- Theme
- Language

The **About** page will show the ruby mobile app version and information about Crystal Instruments.

The **Theme** page provides two options for changing the ruby mobile app UI colors.

- Light theme
- Dark theme

The **Language** page provides options to change the ruby mobile app language.
