

Loading and Unloading Data from CoCo

1. First Connect your CoCo device by ethernet to your PC.
2. In VDS, click **Data Collector** > in the **Devices** menu, click **Load** > Click **CoCo device** > **Select the Device you are using** > Click **Connect** and then **Next** > Click **Load Factories and Routes** > Click **Next**
3. Your VDS will have Factories and Routes to choose to upload to your CoCo device.
Select options to upload > Click **Upload** > Click **Finish**

To Unload, follow the same steps from above after clicking **Unload** from the **Devices** menu.
